## Guest Speakers Last Meeting

**Alex Yack**, Senior Director of Development, TTU Col. of Ag Sciences & Natural Resources, brought **Matt Williams**, Assoc. Dir. of Development, and **Robert Cox**, Assoc. Dean of Academic & Student Programs, along with two students who have received a scholarship from the **Boyd Fund Royalties Scholarship Fund**, administered by our club.

**Dr. Yack** said the strength of Davis College of Agricultural Sciences & Natural Resources at Texas Tech University lies in its ability to develop students with disciplinary understanding as well as personal and professional abilities to become leaders in the industries the college serves. A major focus of Davis College is to develop new knowledge, products and processes, thus enhancing the sustainability and the quality of life for Texans and others while at the same time delivering new information to the public.

We ask about the traits and qualities employers seek in new employees. We recognize that knowledge in a discipline is important, but it must be combined with the development of "soft skills." For example, can students work independently, can they work in a team, can they articulate a point, will they represent themselves and the company well? Guiding students to incorporate "soft skills" into their experiences and tool kit is an accomplishment of Davis College.

**Dr. Yack** then asked each of the students he brought to tell us about themselves and how their Boyd scholarship helped them. And did they!

**Paul Rostad** then presented **Dr. Yack** a check for \$15,010.44 that our club received the past year from royalties paid to the Boyd Fund Royalties account.

## Bits & Pieces

Are **you** confused by what is going on in the Middle East? Let me explain. We support the Iraqi government in the fight against the Islamic State (ISIS). We don't like ISIS, but ISIS is supported by Saudi Arabia whom we do like. We don't like Pres. Assad in Syria. We support the fight against him, but not ISIS, which is also fighting against him. We don't like Iran, but Iran supports the Iraqi gov. against ISIS. So, some of our friends support our enemies and some of our enemies were our friends, and some of our enemies are fighting against our other enemies, whom we want to lose, but we don't want our enemies who are fighting our other enemies to win! If the people we want to defeat are defeated, they might be replaced by people we like even less! And all this was started by us invading a country to drive out terrorists who weren't there until we went in to drive them out. Understand now?
