Guest Speaker Last Meeting:

Dustin McCorkle, is the first Club General Manager, and Chief Business Executive of the Lubbock Matadors Soccer Club. He said he is motivated by community driven initiatives, competition, and believing soccer can contribute to growth and have a positive impact in Lubbock. He's focused on sports and community, as well as his wife, Casey, and kids Maverick and Myka.

After graduating high school, he attended Dallas Baptist University where he competed in the school's first ever national soccer tournament. After finishing 5th in the nation, he decided to move on from soccer and transferred to TTU to pursue a degree in exercise sports science. After receiving his BA, he spent 4.5 yrs building his professional brand as an Account Executive in the sports world with the Atlanta Hawks front office sales team. He was an AE for 4 yrs with the Hawks, and knew he wanted to move into management and develop a front office sales team of his own. This decision moved him to New Jersey as a Manager of Ticket Sales with NJ Devils hockey team. He left the Devils & joined Learfield Sports where he helped build sponsorships for Texas Tech Athletics and build relationships with the business community. He then decided to start his own sales consulting company, The Hub Training & Consulting, LLC.

Dustin said he wants to make an impact in Lubbock. This inspired him to leave New Mexico United and join the first ever minor league soccer in Lubbock. The **Matadors** averaged over 4,000 in attendance at Lowery Field! He's promoting building a stadium just for soccer near downtown. Team players come from Africa, Europe and S. America, and will be community sponsors of soccer for kids. Dustin invites our club to attend games, and help sponsor a team or soccer camp!

Bits & Pieces

There was a farmer who grew excellent quality corn. Every year he won the award for the best grown corn.

One year a newspaper reporter interviewed him and learned something interesting about how he grew it. The reporter discovered that the farmer shared his seed corn with his neighbors. "How can you afford to share your best seed corn with your neighbors when they are entering corn in competition with yours each year?" the reporter asked.

"Why sir," said the farmer, "Didn't you know? The wind picks up pollen from the ripening corn and swirls it from field to field. If my neighbors grow inferior corn, cross-pollination will steadily degrade the quality of my corn. If I am to grow good corn, I must help my neighbors grow good corn."

So it is with our lives... Those who want to live meaningfully and well must help enrich the lives of others, for the value of a life is measured by the lives it touches. And those who choose to be happy must help others find happiness. The welfare of each is bound up with the welfare of all.
